

Teton Photography Group

May 2018 Newsletter

Dear Teton Photography Group Member -

May is here and it's finally beginning to feel like springtime here in the Tetons. Baby animals are dotting the landscape and old friends are emerging from hibernation, including bear 399 and her yearling cubs. We have a great lineup of events for the month and we hope you'll be able to participate in some way.

The Peer Mentor group will be meeting on **Wednesday, May 9th at 6pm** in the **conference room at the Art Association**. This month's theme is Motion.

If you're interested in improving your photography and haven't been to a Peer Mentor Group meeting yet, you really should try it out! The Peer Mentor Group

is committed to developing a comfortable learning environment in which every question is respected, where everyone is at ease sharing their photographs for our critique, and where our goal is to help everyone improve their photography. If you would like to join the Peer Mentor Program or have questions, contact Randy Isaacson risaacso@iusb.edu for more information.

On **Saturday, May 12th** The Mentor Group will also meet for a photo shoot and breakfast to celebrate the return of our friend Moose Henderson. Time and location to be decided.

This month's public presentation and meeting will take place on **Monday, May 14 at 6pm** in the **second floor meeting room at the Jackson Hole Real Estate Associates – 80 West Broadway**. Aaron Linsdau will talk about photographing & filming in India, the challenges and joys of a developing country, and what do when you step off the plane to protests and being unable to reach your hotel at all.

In other photography news, on **May 20-22** NANPA will be holding a Nature Photography Celebration here in Jackson. For more information, [please visit their website.](#)

We hope you have a wonderful May and get an opportunity to shoot

photography where ever you might be. If you're not able to join us in May or during our summer events we hope you'll participate on our Facebook group page with great discussion and Moose's weekly Photo Topic Thursday.

Beth
