NEWS FROM THE TETON PHOTOGRAPHY CLUB

January 2021

Dear Member,

Happy New Year to everyone! Here's to many wonderful photographic opportunities in the months ahead.

Member Photo Spotlight

This month's image is from Dan Orr. It was taken in Grand Teton National Park on a beautifully sunny day. The Fox was walking gingerly across the snow looking for mice.

Taken: 11/21/20; Canon 5D Mk IV; Lens: Sigma 60-600; F/16, 1/1000 of a sec.

Would you like to see your picture featured? We'd love to include your image in

the monthly newsletter. Every month I'll select a photo submitted by one of our awesome members. To submit, email me at news@tetonphotographyclub.org. Include the photo, your name, shooting data, and a few sentences about your image.

Happenings

- **January 20, 6pm** - Monthly meeting.

Have you ever been sitting at your computer, looking at a photo you've taken that you think is good, but say to yourself, "What Do I Do with this photo?" What does it need? How do I make it better? Well, join the club. We all struggle with just how to make an image look like we know it should. Some even know the techniques, but don't always know which techniques to apply.

You're in luck. The TPC's WDID (What Do I Do) is for you! During this Zoom meeting, we'll look at out-of-the-camera RAW images from members and collectively, as a group, offer suggestions as to how to make this good picture a great picture. Then, in real time, we'll use Lightroom to make adjustments and bring each photo to life!

You may submit one of your images, an unedited raw or dng file, or just watch as we improve someone else's. It's a great learning session and lots of fun.

Here are the instructions:

Rename your file following this format.

Firstname_Lastname_anyname. (but keep your .dng or rawfile extension.)

Once you have renamed your image open the link:

<https://www.dropbox.com/request/k7S6Xw01e9uYXMX6abav>

Then use the add image button or just drag and drop your image on the box.

Please submit by Tuesday, Jan. 19th.

- **Wednesday, January 27, 7pm** - Virtual Peer Mentor Meeting. This month's theme is **ICE**. Both peer mentor groups will meet via the video meeting software, Zoom. Instructions will be mailed to members of these groups.

The Peer Mentor Program pages on the TPC website

(<https://tetonphotographyclub.org/our-groups/peer-mentor-program/>)

share the goals and history of the program, the monthly themes with articles, a photo gallery from past monthly theme winners, and a special page for "How to Become a Monthly Peer Mentor." If you are an amateur photographer who is committed to improving his/her photography you might want to contact Randy Isaacson (events@tetonphotographyclub.org) about joining.

- **Wednesday, February 17, 6pm** - Monthly meeting featuring a Night and Astro Photography presentation by CJ Aronson
- **Wednesday, February 26, 7pm** - Peer Mentor Meeting
- **Wednesday, March 17, 6pm** - Monthly meeting PPC. All new event. Stay tuned for details.

From the President

Welcome to the New Year at TPC. We hope everyone had a great holiday season. We will kick off the new year with an interactive editing and critique of your photos called What Do I Do (WDID). This will be much like the in person winter critique sessions we have done in the past but via Zoom. My first introduction to the Teton Photography Club was one of these sessions. I have to say they are among the most educational and informative activities we do as a club. If you want to submit one of your photos see the instructions included in the newsletter. Even if you do not want to submit a photo please attend the meeting as I think you will find it enlightening.

See you there.

David Navratil
