NEWS FROM THE TETON PHOTOGRAPHY CLUB

December 2020

Dear Member,

We made it to December! Enjoy your holidays and whatever photographic opportunities you may come across this month.

Member Photo Spotlight

This month's image is from Beth Holmes of a hunting fox being supervised by a coyote. "What I loved about this picture is that I didn't even know the coyote was there. I took hundreds of photos of this fox hunting and in the last few images a Coyote appeared at the top of the little hill by the river, watched the fox, then curled up for a nap. Because I was watching from so far away I never noticed. It's amazing what you see in pictures after the fact."

Nikon D810, ISO 2000, Tamron 150-500 at 600mm, f/7.1, 1/800 sec.

Would you like to see your picture featured? We'd love to include your image in the monthly newsletter. Every month I'll select a photo submitted by one of our awesome members. To submit, email me at news@tetonphotographyclub.org Include the photo, your name, shooting data, and a few sentences about your image.

From the President

We hope everyone had a happy and safe Thanksgiving. With the year coming to an end we want to get your opinions on how the club met your needs as photographers. As you know we were not able to have our normal in person meetings this year, but thanks to Zoom we continued to hold our monthly events. In these meetings we tried some new ideas including online presentation, contest and critiques. In this email you will find a link to our yearly survey. Please take the time to fill this out as your feedback helps us determine the direction we will take in 2021. The December meeting will be a virtual party so please join us for quick online get together before the New Year.

Happy Holidays and keep shooting.
